Support Local Businesses

As your community bank, we support all local businesses and understand the difficult times that these small businesses are facing through the next several months. As it is recommended by the Centers for Disease Control and Prevention (CDC) that everyone should isolate themselves regardless of their health status, we understand that all businesses will be losing income. We encourage everyone in the community to come together to help support these small businesses that rely on the business they are losing. A number of local businesses have announced they have closed due to coronavirus concerns.

We are encouraging people to give back to your favorite local businesses by donating to them or purchasing giftcards throughout the next few weeks. This will help give them much needed funds at this time.
